

VADIM SOKOLOV

George Mason University
Dept of Systems Engineering and Operations Research
4400 University Drive, MS 4A6
Fairfax, VA 22030

Office: 703 993-4533
Cell: 815 793-1428
Email: vsokolov@gmu.edu
Web: <http://vsokolov.org>

January 2019

APPOINTMENTS

| | |
|---|---------------------|
| George Mason University Assistant Professor, Department of Systems Engineering and Operations Research | Aug 2016 – present |
| University of Chicago Lecturer, Master of Science in Analytics Program and Fellow at Computation Institute | Dec 2014 – May 2017 |
| Argonne National Laboratory Principal Computational Scientist, Transportation Research and Analysis Computing Center, Energy Systems Division | Nov 2008 – Aug 2016 |

EDUCATION

| | |
|--|---------------------|
| Northern Illinois University Ph.D. in Computational Mathematics; advisor: Biswa N. Datta | Jan 2004 - Oct 2008 |
| Rostov State University, Russia (now Southern Federal University) Diploma in Applied Mathematics; High Honors | Sep 1999 – Jun 2004 |

RESEARCH INTERESTS

Bayesian statistics, machine learning, deep learning, complex systems and simulation, numerical optimization, intelligent transportation systems

PROFESSIONAL AFFILIATIONS

- Member of Institute for Operations Research and Management Science (INFORMS)
- Member of International Society for Bayesian Analysis (ISBA)
- Member of American Statistical Association (ASA)
- Member of The International Society for Business and Industrial Statistics (ISBIS)

 20. V. **Sokolov** and L. Krukier, "Investigation of eigenvalue distribution of transition operators of iterative methods for solution strongly non-symmetric systems," *Proc. of the Workshop on Contemporary Problems in Mathematical Modeling, Durso, Russia* (2003), pp. 206 - 212 (Russian)

RESEARCH FUNDING

George Mason University

- 2018-2022 National Science Foundation for *Data-enabled Decision-Making in Emerging Co-opetitive Transportation Markets with Ambiguity*, co-PI with Elise Miller Hooks (PI), awarded: \$488k, share: \$244k
2. 2018-2021 Air Force Research Laboratory for *Mobile Manned/Unmanned Distributed Lethality Airborne Network (MUDLAN)*, team member with William "Bill" Roeting (PI), share: \$70k
3. 2017-2020 US Department of Energy via RPI for *Collaborative Approaches to Energy Efficient Logistics in the Albany - New York City Corridor*, PI, awarded: \$112k
4. 2016-2018 US Department of Transportation via U Chicago for *Coordinated Transit Response Planning and Operations Support Tools for Mitigating Impacts of All-Hazard Emergency Events*, PI, awarded: \$240k
5. 2016-2018 US Department of Energy via Argonne National Laboratory for *Calibration of Large-Scale Urban Transportation Models*, PI, awarded: \$320k

Argonne National Laboratory

- 2016-2018 US Department of Transportation for *Coordinated Transit Response Planning and Operations Support Tools for Mitigating Impacts of All-Hazard Emergency Events*, co-PI with H. Ley, amount awarded \$2.9M
- 2015-2018 US Department of Energy for *Energy Impact of Connected and Automated Vehicle Technologies*, subcontract with University of Michigan, subcontract awarded: \$900k
- 2015- Department of Energy for *Plug-In Electric Vehicle-Infrastructure Systems Interactions and Optimization*, co-PI with Yan Zhou, amount awarded: \$200k
- 2013-2016 Department of Energy for *Modeling Energy Consumption and Electricity Demand of a Trans-*

portation System using Behavioral Travel Demand and Vehicle Models, co-PI with D. Karbowski, amount awarded: \$350k

2015- Argonne National Laboratory for *Advanced Control Algorithms for Improving Energy Consumption of Connected and Automated Vehicles*, co-PI with Jeff Larson, amount awarded: \$180k

2015- Argonne National Laboratory for *Data-Driven Multiscale Coupled Urban Systems Modeling*, lead investigator, Charlie Catlett(PI), amount awarded: \$220k

2015- Argonne National Laboratory for *Vehicle as Sensor: Utilizing Vehicle Connectivity to Sense a Transportation System for Improved*, co-PI with Eric Rask, amount awarded: \$100k

2015- Argonne National Laboratory for *Agent-Based Behavioral Modeling of Ebola Spread in Chicago*, team member with Charles Macal (PI)

2014- Argonne National Laboratory for *The Chemical Stockpile Emergency Preparedness Program - U.S. Army Pueblo Chemical Depot*, lead investigator, W. Metz (PI), amount awarded: \$130k

2013-2016: McCaffery Interests and University of Chicago for *Computation-Enabled Design for the Chicago Lakeside Development*, lead investigator, C. Catlett and Leah Guzowski (PI)

2014-2015: Federal Emergency Management Agency for *Analysis of Evacuation Induced Demand for Transit Services*, PI, amount awarded: \$30k

2011-2014: US Department of Transportation Federal Highway Administration for *TRANSIMS Research and Deployment*, Lead Investigator with H. Ley (PI); amount awarded: \$3.5M

2010-2011: Federal Emergency Management Agency Regional Catastrophic Preparedness Grant Program for *Regional Transportation Simulation Tool for Evacuation Planning*, co-PI with H. Ley, amount awarded: \$2M

2008-2010: U.S. Department of Energy Office of Energy Efficiency and Renewable Energy for *The New GREET Model Development*, lead developer with A. Elgowainy, M. Wang (PI); 2008-2014

Illinois Department of Transportation for *Chicago Metropolitan Evacuation Simulation Project*, team member, D. Weber (PI)

2007-2011: US Department of Transportation Research and Innovative Technology Administration for *National User Facility to Meet US DOT Advanced Computation Needs*, team member, D. Weber (PI)

2005-2008: National Science Foundation for *Quadratic Inverse Eigenvalue Problems for Model Updating in Science and Engineering: Theory and Computations*, research assistant under B. Datta (PI)

TALKS

Invited seminar & colloquium talks

2018 University of New Hampshire: Data Science, University Seminar

2018 George Washington University: Decision Sciences

2017 George Mason University: Statistics

2016 University of California, Berkeley: Transportation

2015 University of California, Los Angeles: IPAM Traffic Program

2015 University of Chicago: Graham School

2014 George Washington University: Decision Sciences

2014 University of Chicago: Computation Institute

2014 Argonne National Laboratory: Material Science Division

2012 University of California, Berkeley: Civil Engineering

2012 University of California, Davis: Institute for Transportation Studies

2011 California Air Resources Board: Life-Cycle Assessment

2010 Turner-Fairbank Highway Research Center

2009 University of Illinois at Urbana-Champaign: Short course on *Transportation Networks Simulation* (4 lectures)

Conferences

2019 Bayesian Inference in Stochastic Processes BISP 11 (invited plenary)

2019 SAMSI Agent-Based Modeling Workshop (invited)

2019 TRB Annual Meeting

2018 Big Data and Information Analytics (invited)

2018 MORS Emerging Techniques Forum (invited)

2018 International Conference on Advances in Interdisciplinary Statistics and Combinatorics (invited)

2018 ISBIS Meeting on Statistics in Business and Industry (invited)

2018 American Statistical Association's Symposium on Data Science and Statistics (invited)

2018 TRB Annual Meeting

2017 International Workshop on Objective Bayes Methodology (O-Bayes17)

2017 BIRS Workshop on Synthesis of Statistics, Data Mining and Environmental Sciences in Pursuit of Knowledge Discovery (invited)

2017 INFORMS Annual Meeting (two invited talks)

2017 5th Symposium on Games and Decisions in Reliability and Risk

2017 International Workshop on Bayesian Inference in Stochastic Processes

2017 IMS/ASA Spring Research Conference

2017 TRB Annual Meeting

2016 TRB Annual Meeting

2015 ITS World Congress

2015 ITS America Meeting

2015 TRB Annual Meeting

2014 ITS World Congress

2014 TRB Automated Vehicles Symposium

2014 TRB Innovations in Travel Modeling Conference

2013 International Symposium for Next Generation Infrastructure

2012 Council of Energy Research & Education Leaders Annual Meeting (*invited*)

2010 American Mathematical Society Spring Southern Section Meeting (*invited*)

2010 TRANSIMS Applications and Development Workshop

2009 Linear Algebra and Numerical Linear Algebra: Theory, Methods, and Application Conference

2008 XIXth International Workshop on Operator Theory

2008 Gene Golub Symposium at University of Illinois at Urbana-Champaign (*invited*)

2008 Conference on the Occasion of Richard Varga's 80th Birthday

2007 2nd International Conference on Matrix Methods and Operator Equations

2007 Numerical Linear Algebra in Signal, Systems, and Control Workshop (*invited*)

2006 X Mathematical Modeling in Industry - A Workshop for Graduate Students at University of Minnesota

2005 Wolfram Technology Conference

2003 Workshop on contemporary problems in mathematical modeling

2003 Conference on Numerical methods for solving linear and non-linear boundary problems

2002 Turkish-German Summer Academy in Izmir

2002 International Summer School on *Iterative Methods and Matrix computations*

TEACHING EXPERIENCE

George Mason University

Instructor

(Fall 2016, Spring 2017: OR568 Predictive Analytics; Fall 2017: OR750 Real-Time Analytics, Spring 2018: SYST 468 Predictive Analytics; Fall 2018: OR750 Deep Learning)

University of Chicago

Instructor

(Summer 2015: Time Series Analysis; Winter 2016: Optimization and Simulation, Time Series Analysis)

Northern Illinois University

Grader/Recitation Instructor, Department of Mathematical Sciences

(Spring 2004: Math 232 Calculus III; Fall 2004/Spring 2005: Math 211 Business Calculus)

Northern Illinois University

Course Assistant/Recitation Instructor, Department of Mathematical Sciences

(Fall 2005: Math 434 Numerical Linear Algebra; Sprint 2006: Math 435 Numerical Analysis)

Argonne National Laboratory

Student supervision

(3 master's students from Northern Illinois University Engineering working on Illinois Department of Transportation project; 1 master's and 1 doctorate student from Illinois Institute of Technology Engineering working on Regional Catastrophic Preparedness Grant Program project)

Argonne National Laboratory

Three day TRANSIMS training course. Designed and taught sections on transportation networks modeling

(Apr 2008, Nov 2008, Dec 2009 and Jan 2011: Argonne National Laboratory; Jun 2008: Georgia Institute of Technology; Jan 2009: City of Moreno Valley; Jun 2009: University of Houston; Sep 2010: Turner Fairbank Highway Research Center; Apr 2011: South Carolina State University)

Argonne National Laboratory

One day GREET training-workshop. Designed and taught sections on mathematical models for life-cycle analyses

(Dec 2011 and Sep 2012)

Student Supervision

PhD in Operations Research at Mason

Laura Schultz, "Scalable Optimization for Agent Based Simulators", 2020 (expected)

MS in Operations Research at George Mason

Tuan Le, "Robust algorithms for real-time network flows estimation", 2018

Tuan has transferred from PhD to MS

MS in Analytics at Mason

Muhammad Imran, Naeem Khan, Salman Yousaf, Jamie Wheeler

MS in CS at Mason

Prabhat Shankar

Undergraduate research projects at Mason

Randy Hanak (CS), "PolarisGL Transportation Visualization"

MS in Analytics at U Chicago

James Foster, Susan Parker, Yuanyuan Zha, Ashkon Farmand, Aria Farmand, Kayvon Ali, Jeff Lipkowitz, Josh Warren

PROFESSIONAL SERVICE

Committee Services

2018-present Member of Transportation Network Modeling Committee, Transportation Research Board, National Academy of Sciences

Meetings Organized

2019 IMS/ASA Spring Research Conference, session on statistical analysis of Agent Based Models

2017 International Workshop on Agent-Based Modelling of Urban Systems (Program Committee)

2016 International Workshop on Agent-Based Modelling of Urban Systems (Program Committee)

2013 Special session on Transport Network Modeling at International Symposium for Next Generation Infrastructure

2012 Integrated Transportation Models Workshop at Conference on Innovations in Travel Modeling (with J. Auld)

2010 Workshop on TRANSIMS: Applications and Development, Argonne National Laboratory (with H. Ley and B. Gardner)

2009 Linear Algebra and Numerical Linear Algebra: Theory, Methods, and Application, Northern Illinois University (with B. Datta, G. Ammar, K. Datta, S. Deng, Y. Hong, L. Reichel, V. Olshevsky, B. Shader and Q. Ye)

Referee

Bayesian Analysis

IEEE Transactions on ITS

Transportation Research Part C

Transportation Research Part B

IATBR Innovations in Travel Modeling Conference

TRB Innovations in Travel Modeling Conference

Grant Proposals Reviewer for Argonne LDRD Grants 2012, 2014, 2015

Grant Proposal Reviewer for DTRA, 2015

NSF panelist (ENG), 2017

NSF panelist (CISE), 2017

NSF panelist (CISE), 2018

Session Chair

2018 ABMTRANS

2018 INFORMS

2018 TRB

Internal to Mason

2018-present SEOR Strategic planning committee

2016-present SEOR Seminar Committee

2018 CS PhD Committee

2017 Civil PhD Committee

2017 SEOR Hiring Committee (term faculty)

2017 SEOR undergraduate students recruiting and orientation events

2016 SEOR Hiring Committee (tenure-track faculty and Postdoc)

2016 SEOR undergraduate and graduate student academic advising

SOFTWARE DEVELOPED

POLARIS GL

Lead Developer. 3D Visualization of Dynamic Urban Data. JavaScript

<https://polarisgl.vsokolov.org>

POLARIS

Designer. Developer. Transportation systems simulations framework. C++

<https://github.com/anl-polaris/polaris>

GREET

Designer. Lead Developer. An implementation of The Greenhouse Gases, Regulated Emissions, and Energy Use in Transportation (GREET) Model. C#, .NET, SQLite

<http://greet.es.anl.gov/greet>

(more than 800 unique users within first year of release, 2013)

MATCOM

Contributor. Distributed on CD with Numerical Linear Algebra and Applications, Second Edition book By Biswa Nath Datta, SIAM. MATLAB

<http://www.siam.org/books/ot116/>

TRANSIMS

Contributor. An agent-based forecast software for modeling regional transport systems.

<http://sourceforge.net/projects/transims>

(C++; 22,295 total downloads since 2006)

Advanced Numerical Methods II

Sole Developer. Package for solving large scale control problems. Mathematica

<http://library.wolfram.com/infocenter/Conferences/5787/>

(an experimental library that was not published)

SKILLS

Machine Learning

PyTorch, TensorFlow, Hadoop

Programming

Python, C/C++, MPI, OpenMP

Spatial Analysis

PostGIS, Spatialite, ArcGIS, QuantumGIS

Mathematical

R, Maple, Mathematica, MATLAB, L^AT_EX, Coin-OR SYMPHONY, AMPL, CPLEX

Soft Skills

Student supervision, project management, collaboration, proposal writing

Languages

English (fluent), Russian (fluent), German (basic)

AWARDS

ITS World Congress

Best Scientific Paper Award

(2015; given to three papers from three regions of the world, out of several thousand)

Northern Illinois University

Outstanding Graduate Student Award

(2007; nominated by faculty; awarded to an individual “who is distinguished in the area of scholarship”)

Northern Illinois University

Dissertation Completion Award

(2007; awarded to 8 graduate students every year, out of more than a hundred)

Travel Awards

(*NIU Graduate School* (2007), *NIU Department of Mathematical Sciences* (2007), *NIU Department of Mathematical Sciences* (2006), *NIU School of Arts and Sciences* (2006), *Institute for Mathematics and its Applications* (2006), *DAAD and SIEMENS* (2002))

OTHER APPOINTMENTS

Argonne National Laboratory

Research Assistant

Sep 2007 - Oct 2008

Northern Illinois University

Research Assistant

Sep 2006 - Sep 2007

Wolfram Research

Summer Intern, Software Technologies Department

May 2005 - Aug 2005

(developed a Mathematic package for solution of large scale control problems; selectivity 6 offers out of 160 applicants)

Northern Illinois University

Teaching Assistant, Department of Mathematical Sciences

Jan 2004 - Sep 2006

Rostov State University

Lab Assistant, High Performance Computing Center

Dec 2002 - Dec 2003

(responsible for installing and testing software, helped writing tutorials on linear algebra packages such as LAPACK, ScaLAPACK, ARPACK)
